Quiz 01
Semester: Fall 2025

Duration: 15 min
Full Marks: 15

Name:	ID:	Section:
--------------	------------	-----------------

CSE 260: Digital Logic Design
SET- A

1. [CO1] (3 + 4 marks) Divide $(3GD)_{17}$ with $(17)_9$. Perform the calculations in base 17, you must show all the base conversions in detail.
2. [CO1] (2 + 6 Marks) Subtract $(92)_{10}$ from $(11101011)_{\text{Excess-6}}$ using 8-bit 2's compliment method and check whether there is overflow or not. You must show all the necessary conversions and calculations.
